**INSTRUCTIONS FOR PROGRAMME**

**EAWOP 2022**

**11-14 January 2022 | Glasgow, Scotland**

---

Use this button to submit your filter choices.
This is the information which is shown when viewing the sessions on the programme page. Along with the session code, time date and name of session (all of which can be used to filter the programme page), there is a short description on the topics and the type of submission it is.
When you select a session that you would like to attend, there is further information listed – including, session authors, topics covered and an Abstract.

It also shows which papers are part of the session, location, time and session code. Noting the session code down will mean you can easily search for it on the programme page in the future as each session has its own unique code.
